

REQUEST FOR APPLICATIONS: APPROVED SUPPLIERS LIST 2026/28

Tender Reference:	CONCERN/SOM/001/MARCH/2026 – APPROVED SUPPLIERS LIST
--------------------------	--

Concern Worldwide is an international humanitarian non-governmental organisation dedicated to the elimination of extreme poverty and the reduction of suffering, primarily in fragile countries. Concern Worldwide has been operating in Somalia since 1986. Concern currently implements programmes across various regions of the country.

Concern Worldwide procures substantial quantities of goods and services for the implementation of its programmes in the country. As an organisation accountable for donor funds, Concern is committed to the highest standards of transparency and accountability in all procurement activities.

In line with these principles, the organisation has adopted an open and competitive process to identify reputable, competent, and financially sound suppliers. The objective is to establish a pool of approved suppliers capable of delivering goods and services that meet required quality standards, offer competitive pricing, and adhere to ethical sourcing practices.

Suppliers included in the approved list are eligible to participate in procurement processes, such as Requests for Quotation (RFQs), issued by Concern Worldwide within its respective operational areas. However, inclusion of the Approved Suppliers List does not guarantee the award of contracts. Rather, it indicates that the supplier has met the minimum eligibility and qualification requirements to participate in procurement opportunities issued by Concern.

Concern Worldwide follows procurement practices that emphasize a balanced evaluation of supplier offers. While price competitiveness is an important consideration, procurement decisions also take into account other factors such as the quality of goods or services, delivery timelines, reliability, environmental and sustainability considerations, compliance with specifications and overall value for money.

The Approved Suppliers List is a living document that is periodically reviewed and updated to reflect changes in operational needs, supplier performance and market conditions. New suppliers may be added through periodic approved list exercises, while existing suppliers may be removed or suspended if they fail to meet performance expectations, violate Concern’s policies, or become non-compliant with legal or ethical standards.

Interested suppliers are invited to submit an Expression of Interest (EOI) for approved suppliers list under the categories of goods and services/works listed below.
