

**EXPRESSION OF INTEREST (EOI)
FOR ENGINEERING/ARCHITECTURAL CONSULTANCY FIRMS FOR SOMALIA
PROGRAMME**

Date: 26th February 2026

The Nordic International Support Foundation (NIS) is a Norwegian-registered non-profit organization engaged in stabilization and reconciliation initiatives in conflict and post-conflict areas. Our primary areas of intervention are institutional development, public service delivery, and conflict resolution. Headquartered in Oslo, Norway, NIS is currently implementing wide range of stabilization projects in Somalia, Myanmar, and in the Sahel with plans to expand into new areas/regions.

NIS Foundation Somalia programme plans to implement several donors funded stabilization projects over the coming years (2026-2028) with the primary objective to support delivery of political/governance and socio-economic related infrastructure and other project services in multiple locations across country, all working in different ways towards achieving greater stability and better prospects for the country's longer-term development goals.

In this regard, NIS is looking for qualified engineering consultant firms with license/certified professionals, that have the capacity to conduct feasibility assessments, develop technical designs for the infrastructure projects and deliver good quality bid technical documents for bidding processes. NIS accepts joint venture proposals on the condition that the lead bidder holds a valid registration certificate and business license issued by the relevant Somali authorities.

The main consultancy services/categories to be provided includes but not limited:

- **Assessments and designs**
 - Structural audit assessments of existing.
 - Concrete structure
 - Steel structures
 - Bridges (steel and concrete)
 - Roads (all classifications)
- Flood assessments
 - a. Hydrological assessments
 - b. Flood mitigation structures
- Environmental Assessment
- Topographic Surveys (Bridges and Roads)
- **Develop and deliver high quality & Standard Technical Designs**
 - a. Architectural of all designs preferably 2D and 3D

- b. Structural designs
- c. Mechanical Electrical and Plumbing designs
- d. Landscaping

All interested consultant firms are hereby invited to participate in the pre-qualification process, and required to meet the following minimum set conditions: -

1. Licences/Registrations: The company should submit the following registrations/ Licenses.

- ✓ Possess a valid registration or operating license, permits from designated government bodies/authorities such as FGS/FMS Ministry of commerce.
- ✓ Tax compliance certificate: Submit evidence of valid FGS/State level tax compliance certificate.
- ✓ Statement of ownership: The company shall submit a signed public notary document stating the ownership of the company (a list of Full Names, positions contact details and shares)

Note1: All the registrations will be shared with the relevant authorities for clearance. Those who fail to submit a valid /genuine registration will not be considered in the next stage of analysis.

2. Similar or relevant experience: The company should fill in the below table for previous 5 main similar completed contracts on architectural and structural designs, geotechnical investigation assessment, structural audit assessments, topographic surveys and environmental assessments with monetary value worth each of **USD 10,000 to \$50,000** and above.
