G. ETHICAL OPERATING STANDARDS

1. Compliance to the IRC Way

The IRC Way: Standards for Professional Conduct ("The IRC Way"), the IRC's code of conduct, which can be found at: <https://www.rescue.org/page/our-code-conduct> and IRC's combating Trafficking in Persons Policy, which can be found at: <https://rescue.app.box.com/s/h6dv915b72o1rnpxg3vczbqxjtboyel>. The IRC Way provides three (3) core values - Integrity, Service, and Accountability – and twenty-two (22) specific undertakings.

The IRC Way provides, inter alia, that IRC does "not engage in theft, corrupt practices, nepotism, bribery, or trade in illicit substances." IRC's procurement systems and policies are designed to maximize transparency and minimize the risk of corruption in IRC's operations.

IRC requests that a supplier

- (i) informs IRC upon becoming aware that the integrity of IRC's business has been compromised during the RFP process, and
- (ii) Reports such events through IRC's confidential hotline, Ethics point, which can be accessed at www.ethicspoint.com or via toll-free (866) 654-6461 in the U.S., or collect (503) 352-8177 outside the U.S.

2. Bidder Non-Collusion Statement

IRC prohibits collusion and will disqualify all bids where collusion is detected. Collusion happens when related parties submit separate bids for the same tender. Collusion includes situations where:

- a) Members of the same family submit separate bids for the same tender

- b) Separate companies owned by the same person submit separate bids for the same tender
- c) Employees of a bidding company submitting separate bids through companies they own for the same tender
- d) Partners in a bidder submitting separate bids under their own names/ companies they own for the same tender

It is collusion for a person to be involved in more than companies/ businesses submitting a bid to the same tender. Collusion will lead to IRC disqualifying the involved Individuals or companies from that tender as well as disqualify them from submitting bids for future tenders. In addition, IRC March share information relating to this collusion with other international aid organizations operating in the region leading to loss of business opportunities for the colluders.
