2. Instructions to Tenderer

1. Introduction:

The Agricultural Development Organization - ADO - was established in 1993 and had worked throughout the Somaliland regions, implementing emergency, recovery, and long-term rural development projects, including agriculture, environment, and climate change adaptation, resilient livelihood building for the poor agro-pastoralists, watershed, and irrigation management, nutrition, community innovations, and entrepreneurship support. Besides, the ADO had empowered rural women through the needs-based small business projects and Self-Help-Group initiatives. Working directly with community associations, the ADO had supported more than 776,000 households, including IDPs, returnees, farmers, and women living throughout the Somaliland regions.

The ADO has its Head Office in Hargeisa with the regional branch offices in Burao, Borama, and Erigavo of Togdheer, Awdal, and Sanaag regions. Besides, ADO is currently expanding its programs and presence in the Somali Ethiopia Region, South-central, and Southern Somalia. ADO is an active member of the main local umbrella groups, namely, NAGAAD, SOLPAF, and SONSEF. As well as the ADO has strong networks with academic institutions in Europe and Africa and collaborates with diverse institutions in the development and agriculture research sectors. The partners of the ADO include but are not limited to the European Union, UNHCR, UNDP, WFP, UNEP, Oxfam, Care International, ISF Finland, NDF Norway, NORAD, UK AID, WHH Germany, Somaliland Development Fund (SDF), KNH Germany, and LUKE of Natural Resource Institute of Finland.

Building Local Resilience for Adaptation to Climate Change-**BRAC** project is a long-term project (**2021-2025**) that funded by **Development Fund of Norway** and implementing by **Agricultural Development Organization-ADO**. The project aims to increase climate resilience and well-being of rural communities of Gatiitaley, Xidhxidh and Dabagunbur villages under Odwayne district. BRAC project targets vulnerable rural households those have been categorized in to smallholder farmers, pastoralists, and women headed households, and child headed households, youth, elders and disabled and marginalized groups and women business group. In immediate term, the project expects to reach these outputs; improve of nutrition and care practices of rural households, increase of crop diversity for smallholder farmers and food production and enhancement the access to sustainably natural resource management. Rural youth, women and marginalized groups will be improved and also the project will increase the capacity of grassroots organizations to advocate for good government services and legal frameworks.

The livestock plays Significant role in the country's economy and livelihoods in different aspects including livestock farming is the main livelihood for many Somali households, providing income through the sale of animals such as camels, cattle, sheep, and goats. Livestock export is a major contributor to Somaliland's GDP. The country is known for exporting livestock, especially to Middle Eastern countries, generating substantial foreign exchange earnings. It supplies essential food products like meat, milk, and dairy products, which are vital for nutritional needs and food security in Somali communities. Livestock provides a vital source of resilience during periods of drought and food shortages, offering a form of wealth that can be liquidated or traded in times of need.

The Implementing organization may terminate the contract if it finds that illegal or corrupt practices have taken place in connection with the contract award or execution.

Odwayne district is predominantly an agro-pastoral region where local communities primarily rear livestock such as sheep, goats, camels, and to a lesser extent, cattle. However, due to climate fluctuations and recurrent droughts, a significant number of pastoral households have lost their livestock, which constitutes their main livelihood source.

In response, ADO through BRAC project (Building local Resilience for Adaptation to Climate Change), will provide targeted support to the most affected households in Dabagunbur village within Odwayne district. This intervention aims to mitigate the impact of livestock loss and help restore the livelihoods of vulnerable pastoral communities

Therefore, ADO is inviting Somaliland registered contractors to participate in these following Services

2	Transportation of loading/offloading of livestock to the target village in Dabagunbuur under Daad madheedh Region	1

1. Award Criteria

ADO is committed to running a fair and transparent tender process and ensuring that all bidders are treated and assessed equally during this tender process. Bidder's responses will be evaluated against three categories of criteria: **Essential Criteria**, **Capability Criteria**, and **Commercial Criteria**.

These criteria have been specially created to help ADO determine which bidder is able to offer the best quality and most commercially competitive solution to meet our needs and deliver the most effective programming to our beneficiaries.

2. Essential Criteria

These are criteria that bidders must meet in order to be successful and progress to the next round of evaluation. If a bidder does not meet any of the Essential Criteria, they will be excluded from the tender process. These criteria are scored as Pass or Fail; and bidders

The Implementing organization may terminate the contract if it finds that illegal or corrupt practices have taken place in connection with the contract award or execution.

who fail will not be evaluated against capability and commercial criteria.

The essential criteria are listed below:

- a) Bidder should submit valid Business Registration certificate.
- b) Bidder submits valid tax clearance Registration number & certificate.
- c) Bidder has a legitimate business address.
- d) Bidder is not a prohibited party under applicable sanctions laws or anti-terrorism laws.

3. Capability Criteria (60%)

The maximum score for capability criteria is 60% - broken down as below. Only bids with a Capability score of 40% or more will be considered for Commercial evaluation.

The capability criteria are listed below:

- I. Company Certificate of Registration from the Ministry of commerce and tourism with tax clearance
- II. Updated Company profile.
- III. Previous relevance Experience works such as signed contract with contract reference, recommendation/PO.
- IV. Financial capacity: the bidder should provide an updated bank statement for the last 6 months
- V. Work-plan/lead time.
- VI. Valid Tax clearance.
- VII. Partial Documents will not accept
- VIII. All bids should be written in English
- IX. The supplier should have the capacity to make pre finance

4. Commercial Criteria (40%)

The financial proposal nearest to the costed/budgeted/QS/engineers BOQ will be awarded the maximum commercial criteria weighted score of 40%.

The reason for this criterion is that tenders that are too far below the engineers' BOQ estimate are likely to compromise on the quality *Tender*

Bidder Response Document

To ensure bidders provide all the required information in order for ADO to be able to effectively evaluate bidders' bids against the Evaluation Criteria, a Bidder Response Document has been created. Bidders must complete the Bidder Response Document and provide various pieces of information as part of their submission.
