

Annex G: Source and nationality

Except as may be specifically approved in advance by DRC, all commodities and services that will be reimbursed by DRC under this award must be from the authorized geographic code specified in this award and must meet the source and nationality requirements set forth in 22 CFR 228. For a current list of countries within each geographic code, see ADS 310, Source and Nationality Requirements for Procurement of Commodities and Services Financed by USAID. Guidance on the eligibility of specific commodities and services may be obtained from DRC. If DRC determines that the recipient has procured any commodities or services under this award contrary to the requirements of this provision, and has received payment for such purposes, DRC may require the recipient to refund the entire amount of the purchase.

Authorized Geographic Code for Non-Restricted Commodities and Services (Other than Transportation, Engineering, and Construction Services)

The Authorized Geographic Code for the source of commodities and the nationality of suppliers of commodities and services is Geographic Code 935 (any area or country but excluding prohibited sources).

Prohibited sources:

“Prohibited source” means countries to which assistance is prohibited by the annual appropriations acts of Congress or other statutes, or those subject to other executive branch restrictions, such as applicable sanctions administered by the U.S. Treasury Department’s Office of Foreign Assets Control. In no event may funds provided under this Agreement be used for the procurement of commodities and services from prohibited sources, unless DRC provides specific written approval to the contrary.
